

# Additional Household Services

Ward North American understands when you're looking at moving to a new place or just settling in; sometimes you need a company that can take care of the small things.

As one of the largest relocation companies in the southwest, we understand how important it is to build relationships with reputable companies.

We have taken the time to share with you a list of companies that we trust will do the job you need done. Whether you're selling your old place or taking care of the small things at your new place, it's nice to have someone there to help, so that you can relax.

Call us if there is anything that we can do for you, otherwise give someone a call from our list and let them help you get your house ready to sell, make things right at your new home, or take care of those items you just need done.
